

Sinclair  
Broadcasting's  
mandantory airing of  
the anti-Kerry film  
is a legal violation  
of the free use of  
public airways. It  
is not in the public  
interest to use  
media consolidation  
to push a one-sided,  
self-serving  
political agenda.

To protect  
democracy, media  
ownership rules must  
be strenghtened and  
enforced. Abuse such  
as Sinclair  
Broadcasting's  
proves the need for  
license renewal  
scrutiny rather than  
a rubber stamp  
renewal.

Thank you.
